Made for Africa

Your motorhome conversion is crafted with Africa in mind, built to conquer its diverse landscapes and rugged terrains. Converted by certified local VanPartners and powered by the Mercedes-Benz Sprinter All-Wheel Drive, it combines durability, performance and comfort to create the ultimate travel companion. Premium materials and intelligent features ensure it thrives in extreme temperatures and challenging conditions, while offering the luxury and practicality Mercedes-Benz is known for. With tailored solutions like water storage, solar panels and off-grid capabilities, your motorhome is ready for remote explorations and unforgettable adventures.

Built for where the road ends.

The Sprinter All-Wheel Drive system ensures exceptional traction and stability, automatically adapting to road conditions within milliseconds by distributing drive force between the front and rear axles. It enhances stability by mitigating oversteer or understeer, providing greater control, especially on steep inclines or slippery surfaces. With increased ground clearance and fording depth, the AWD system improves approach, departure and breakover angles, making it perfect for motorhome conversions and the challenging terrains encountered along the way.

Crafted to perfection.

Every Mercedes-Benz Sprinter motorhome conversion is a testament to the skill and dedication of certified VanPartners. These specialists bring unmatched craftsmanship, precision and innovation to every project, ensuring your motorhome is as reliable and refined as the Sprinter All-Wheel Drive it's built upon.

Each conversion is meticulously designed and executed, combining advanced techniques with premium materials to deliver a space that is both functional and luxurious. From custom interiors to innovative off-grid solutions, certified VanPartners tailor every detail to your needs, creating a motorhome that feels uniquely yours.

Discover off-the-grid living.

Experience true freedom with a motorhome converted for off-the-grid living. Designed to take you beyond the reach of conventional amenities, your Mercedes-Benz Sprinter motorhome conversion is equipped with solar power, water storage and efficient energy systems, ensuring that you stay self-sufficient wherever the road takes you.

Off-the-grid capability lets you explore remote destinations with home comforts, offering durability, reliability and peace of mind on every adventure.

Water Storage

With built-in water storage, your Mercedes-Benz Sprinter motorhome conversion ensures you have a reliable water supply wherever your adventure takes you. Whether for cooking, cleaning or refreshing, you're always ready to go off the grid.

Cooking Equipment

Equipped with compact, high-quality cooking appliances, your motorhome lets you prepare meals on the go. Whether it's a quick snack or a gourmet dinner, enjoy the freedom to cook wherever your journey leads.

Custom Refrigeration

Custom refrigeration solutions in your Mercedes-Benz Sprinter ensure your food and drinks stay cold and fresh, no matter where your adventure takes you. Enjoy the convenience of on-the-go cooling tailored to your needs.

Comforatable Seating.

Enjoy ergonomically designed, comfortable seating that offers the perfect space to unwind. Whether you're on a long journey or a short trip, enjoy superior comfort every kilometre of the way.

Convenient Accessories

Maximise your space with convenient accessories and intelligent storage solutions. Stay organised and keep essentials within easy reach, ensuring your journey is as smooth and stress-free as possible.

Sleeping Solutions

Custom sleeping solutions ensure a comfortable night's sleep, no matter where you are. With thoughtful designs and quality materials, wake up refreshed and ready for the next adventure.

Off-Road Tyres

Take on rugged landscapes confidently with off-road tyres, designed for durability and performance. Certified VanPartners typically upgrade the suspension, ensuring stability and comfort on tough terrains.

Climate Control

With advanced climate control systems, your Mercedes-Benz Sprinter motorhome conversion ensures a comfortable environment no matter the weather. Stay cool in the heat or warm in the cold, all while enjoying a seamless, relaxing experience on every adventure.

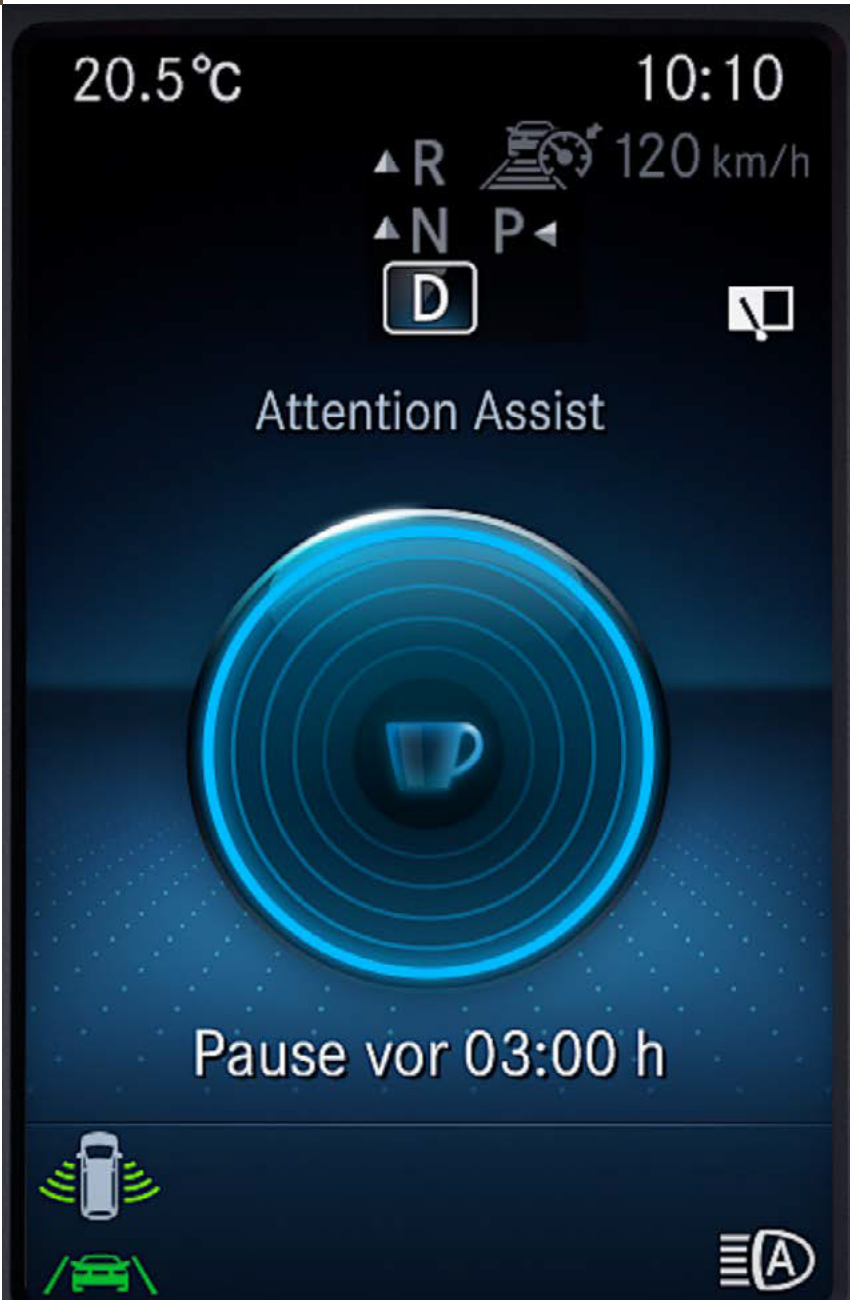

Solar Powered

Harness the sun's energy with solar-powered systems. Stay self-sufficient and eco-friendly, ensuring a constant power supply wherever your journey takes you.

Crosswind Assist

With Crosswind Assist, your Mercedes-Benz Sprinter motorhome conversion offers enhanced stability and control, helping you stay steady and secure even in strong crosswinds. Drive with confidence, no matter the conditions.

Attention Assist

Attention Assist continuously monitors your driving patterns, alerting you when it's time to take a break. Stay refreshed and focused on your journey.

Electric Parking Brake

The Electric Parking Brake in your Mercedes-Benz Sprinter AWD provides simple, secure parking with the push of a button, offering convenience and peace of mind, whether you're on level ground or a steep incline.
